**A FATAL SHOOTING AFFAIR.**  
**A Young Colored Woman Shot and**  
**Instantly Killed in a House in**  
**Midway.**  
Della Williams, a colored girl in  
the employ of Mr. Will Nash, was  
shot and instantly killed in a house  
in Midway by Edgar Alexander, also  
colored, at about two o'clock Thurs-  
day morning.  
It appears that earlier in the night  
she had been accompanied to the  
house by Alexander, two other men  
and a woman. After a quarrel,  
Alexander left, but returning later  
and finding the men, William Mor-  
gan and Alonzo Bronson, still with  
the women, he demanded admission,  
threatening to shoot the door down  
if it was not opened. On being re-  
fused, he fired through the door  
the bullet striking Della Wil-  
liams in the forehead. Morgan fired  
a shot in return, but the ball only  
imbedded itself in the door.  
All the parties gave themselves  
up quietly to Marshal Zuber and  
were lodged in the city jail.  
The two men held as witnesses,  
Morgan and Bronson, are charged  
with carrying concealed weapons.  
Sheriff Turner took the prisoners  
to DeLand yesterday.  
**Obituary.**  
Died, at the National Homeopathic  
Hospital in Washington, D. C., Sept.  
8th, 1905, Mrs. Mary W. Glenn, for-  
merly a resident of Daytona, well  
remembered, much beloved and  
deeply lamented by her many friends  
here. She was an intelligent, cul-  
tured Christian lady and while here  
she conducted a kindergarten school.  
She went from here to DeLand, as  
teacher in the public school. While  
there her little boy, McCants, took  
typhoid fever and died. His death  
so saddened her life that she never  
quite recovered from it. Years later  
she also took the fever, which ran

**"ON TO ORLANDO" FOR ACTION**  
Company K Goes to the "Front" to  
Join the Other Troops  
at Orlando.  
The event of Wednesday was  
the departure of Company K, 2nd  
Infantry, for the "field of Mars," at  
Orlando. All morning there was a  
hurrying to-and-fro of uniformed  
men (most of them on bikes but  
none in automobiles, as these have  
not been issued yet) which imparted  
to our city life a martial activity  
somewhat akin to real war. Before  
there had been careful drilling  
and strenuous preparation to line up  
with the best of the other companies  
at Orlando.  
All morning the Armory was visit-  
ed by all classes, old and young,  
who wanted to see how a soldier  
looked on the eve of departure for  
the "front," and where they wit-  
nessed kaleidoscopic views in con-  
sistence with the departure event to  
censure. Everything was being looked  
after with precision, showing that  
the company takes a pride in its  
relation to the military branch that  
is educated to assist in maintaining  
authoritative government when at-  
tempted subversion might wreck it.  
Soon after 12 m there was a  
wending to the railway station of  
men, women and children, some in  
vehicles, others on bikes, and anon  
more afoot.  
The company formed about one  
o'clock, 39 strong to be joined by  
about 10 more while en route to the  
encampment and when they reached  
the railway line they found the com-  
pany had provided a comfortable  
separate coach for them to ride in  
and also a baggage-car to carry their  
necessaries.  
All about the passenger coach  
and along the railway station plat-  
form there was an interesting scene  
of animation. It was tinged with  
some of the features incident to  
when the soldier goes away probably  
never to return. The sad-eyed

**LICENSE TAX MUST BE PAID.**  
County Tax Collector Smith is Now  
Ready to Receive Occupation  
License Tax.  
State and county license taxes are  
due for the year beginning October  
1, and all persons who are now  
transacting business without first  
having secured their license from  
Tax Collector D. P. Smith, whose  
postoffice address is New Smyrna,  
will be liable to prosecution.  
It has been the custom of many  
business and professional men to  
put off as long as possible paying  
the license tax for the license year  
beginning October 1. Sometimes  
several months have elapsed before  
licenses have been paid. The people  
who always pay up promptly declare  
that this is unfair to them, and they  
insist that all shall be treated alike.  
There will be no one going around  
this month begging people to pay  
their license taxes. The books of  
the tax collector will show conclus-  
ively the names of the business  
men who have paid for their licenses,  
and as a vast majority of those who  
were engaged in business last year  
are still engaged in the same kind  
of business, it will be easy to locate  
those who do not pay up promptly.  
Messrs. Landis & Fish, attorneys  
at law, owners of the Volusia County  
Abstract Co., have moved into their  
offices, in their new beautiful sand-  
stone brick building across from the  
bank building. They have as hand-  
some offices as there are in the State.  
They occupy the east half of the  
building. Tax Assessor Sam R.  
Wilson, DeLand Naval Stores Co.  
and Capt. S. V. Hough occupy the  
handsome rooms on the west side.  
These offices look especially pretty  
at night, brilliantly lighted with  
electric lights.—Volusia County  
Record.

**OUR HOME "PARLIAMENT" MEET**  
And the "Mill of the City" Produces

an ordinance entitled "An ordinance

his duties and pay" was passed on

to the north canal; also from Beach  
street to railroad right-of-way from  
the north canal south to Bellevue  
avenue; also from Palmetto avenue  
to First street; from Bellevue ave-  
nue south to south city line; all of  
said work to be done within fifteen  
days from date of this notice, and if  
not complied with city will enforce  
ordinance regulating same.  
Will Peet charged with breaking  
and entering to commit a misde-  
menor, George Green, with grand  
larceny and highway robbery, and
